MARCH 2021

Message from the President

Dear members and friends,

We are approaching the end of our fiscal year 2020 and first of all, I would like to sincerely thank our members, friends and all our partners for your continuous and strong support of the IJCC. Special thanks to Team Ireland which consists of the Ambassador, the Irish Embassy, Enterprise Ireland, IDA, Bord Bia and the Department of Agriculture.

This year has been a difficult and challenging year for all of us due to COVID19, but we have been able to continue our activities thanks to your support. I believe the challenges faced throughout this year have enabled us to enhance our activities and create the groundwork for future development.

Let me update you on some of our recent activities.

Firstly I am very pleased to introduce the following new members to the chamber.
Welcome to IJCC!!

- Nikon Precision Europe GmbH (Corporate)
- Fexco (Corporate)
- Novaerus (Corporate)
- Cornerstone Recruitment Japan (Corporate)
- Mr. Trevor Allen (Associate)

We held a "New Member Spotlight" networking event this month and we invited Mr. Raymond Roche, Ms. Mary Honohan, Mr. John Casey and longstanding member Mr. Niall Keegan who introduced themselves and their company. This was followed by an active discussion with the speakers and audience. The IJCC will continue this series as a way for you to get to know fellow members.

We also enjoyed the various St Patrick's day activities held online this year. We hope you all had a great St Patrick's Day.

In April we have a Tales from the Region event, a new member spotlight and the IJCC Ireland Japan Golf Challenge Ambassadors Cup. The tournament has reduced numbers this year to ensure members' safety. There are still some spaces left so sign up today if you're interested.

Finally, we wish you good health and hope to meet all of you in person soon.

Best regards,

Yoshihiro Tsuchiya
President, Ireland Japan Chamber of Commerce (IJCC)

The European Business Council (EBC) is the trade policy arm of 15 European National Chambers of Commerce and Business Associations in Japan. It has been working to improve the trade and investment environment for European companies in Japan since 1972. The EBC was registered with the Ministry of Economy, Trade and Industry (METI) in 2008 as the European (EU) Chamber of Commerce in Japan.

The EBC currently works for around 2,500 local European corporate and individual members. Some 200 companies participate directly in one or more of the EBC's 23 industry committees, whose work covers a wide variety of economic sectors.

The EBC cooperates with the Delegation of the European Union to Japan, the national European Embassies, and other business organisations to co-ordinate policy proposals and make suggestions to the Japanese Government on how to create an open environment for trade and investment in Japan.
