Message from the President

Dear members and friends,

I hope you are keeping well and had a comfortable and relaxed Golden Week. Vaccinations in Japan have started in full swing this month and we hope they will proceed smoothly and change the situation dramatically for the better.

Let me update you on some recent activities of the IJCC.

We held our Annual General Meeting on 14th May, fully online. I would like to take this opportunity to thank our Patron, Ambassador Paul Kavanagh, for his warm opening remarks and to thank the many members who kindly participated. I would like to welcome Mr Breifne Ryan as a new director. Also, I would like to sincerely thank our former president Mr Paul Gilson and Ms Nao Ukai for their great contribution to the IJCC as they have stepped down from the board due to other commitments.

In the board meeting immediately after the AGM, I was re-elected as President and Mr Eamonn Murphy and Mr Pat Ryan were elected as your two Vice Presidents. The new IJCC board, including our operations manager Ms Emiko Myler, would like to work closely with our members, stakeholders including Team Ireland in order to enhance the chamber. So your continuous support would be highly appreciated.

Secondly, I am very pleased to introduce the following new members to the chamber. We are pleased to receive so many new members. Welcome to IJCC!!

- ElectroRoute (Corporate)
- DOCOSoft (Corporate)
- Mr. David Burns (Professional)
- Mr. Kieron Cashell (Professional)
- Mr. Eoin McKeogh (Associate/International)
- Mr. Ciaran Day (Associate/International)
- Mr. Anthony Kelly (Associate/International)
- Mr. Yago Lacerda (Student)

In addition, we held a “New Member Spotlight” networking event this month in which we invited our new members Mr John Meehan, Mr Mark Griffin and Mr Eamonn O’Donoghue to introduce themselves and their business. Thank you, John, Mark and Eamonn for your valuable time. This was followed by an active discussion with speakers and the audience as usual.

Last month we held the event “Racing in Japan - How Irishman Lucca Allen is navigating the world of Japanese motorsports” in which we invited our member Mr Lucca Allen who is a champion Irish Racing driver currently racing in Japan for the Albirex team. It was really interesting and exciting to hear him talk about his career and his new life in Japan and the ambitions he holds now. I would like to sincerely thank Lucca and also our member Mr Dominic Keogh who kindly MC-ed the event.

The IJCC would like to consider and hold events that are fresh and interesting to our members, so we look forward to meeting you at upcoming events.

Finally, we wish you stay healthy and hope to meet all of you in person soon!

Best regards,
Yoshihiro Tsuchiya

1. Could you give us an overview of your company?

Astellas is a pharmaceutical company that is committed to turning innovative science into medical solutions that bring value and hope to patients worldwide. Astellas Ireland Co., Ltd is part of the Astellas group, and started its operation in the late 1980’s in Ireland. There are two manufacturing sites at Dublin and Kerry, to manufacture urology and immunosuppressant products.

2. How did your company first become involved in the IJCC?
We got to know IJCC by the introduction of IDA Ireland.

3. Since last year you have been working in Ireland. How is your life there?

I travelled to Dublin in June last year. Since then, I am keeping hybrid working style of on-site at Dublin Plant, and working from home. Since my travelling to Ireland last year, strict restrictions such as travel, shopping, meeting with other households etc., have been in place in most of the period. This is the third time for me to stay long-term in Ireland as a

seconded from Japan. Therefore, I am familiar with the life in Ireland, however, it is strange and different life from previous experience.
